(c) Pursuant to section 4600, after 30 days from the date the injury is reported, the employee shall have the right to be treated by a physician or at a facility of his or her own choice within a reasonable geographic area.

(2) A “secondary physician” is any physician other than the primary treating physician who examines or provides treatment to the employee, but is not primarily responsible for continuing management of the care of the employee. For injuries on or after January 1, 2004, a chiropractor shall not be a secondary treating physician after the employee has received 24 chiropractic visits, unless the employer has authorized, in writing, additional visits. This prohibition shall not apply to the provision of postsurgical physical medicine prescribed by the employee's surgeon, or physician designated by the surgeon pursuant to the postsurgical component of the medical treatment utilization schedule adopted by the Administrative Director pursuant to Labor Code section 5307.27. Such issues include but are not limited to the scope and extent of an employee's continuing medical treatment, the decision whether to release the

employee from care, the point in time at which the employee has reached permanent and stationary status, and the necessity for future medical treatment.

(6) “Continuing medical treatment” is occurring or presently planned treatment that is reasonably required to cure or relieve the employee from the effects of the injury.

(7) “Future medical treatment” is treatment which is anticipated at some time in the future and is reasonably required to cure or relieve the employee from the effects of the injury.

(8) “Permanent and stationary status” is the point when the employee has reached maximal medical improvement, meaning his or her condition is well stabilized, and unlikely to change substantially in the next year with or without medical treatment.

(b)(1) An employee shall have no more than one primary treating physician at a time.

(2) An employee may designate a new primary treating physician of his or her choice pursuant to Labor Code §§ 4600 or 4600.3 provided the primary treating physician has determined that there is a need for:

(A) continuing medical treatment; or

(B) future medical treatment. The employee may designate a new primary treating physician to render future medical treatment either prior to or at the time such treatment becomes necessary.

(4) If the claims administrator disputes a medical determination made by the primary treating physician, the dispute shall be resolved under the applicable procedures set forth at Labor Code sections 4060, 4061, 4062, and 4610.

(c) The primary treating physician, or a physician designated by the primary treating physician, shall make reports to the claims administrator as required in this section. A claims administrator may designate any person or entity to be the recipient of its copy of the required report.

(d) The primary treating physician shall render opinions on all medical issues necessary to determine the employee's eligibility for compensation in the manner prescribed in subdivisions (e), (f), and (g) and (i) of this section. The primary treating physician may transmit reports to the claims administrator by mail or FAX or by any other means satisfactory to the claims administrator, including electronic transmission.

## **§9786. Petition for Change of Primary Treating Physician.**

(a) A claims administrator desiring a change of primary treating physician pursuant to Labor Code Section 4603 shall file with the Administrative Director a petition, verified under penalty of perjury, on the “Petition for Change of Primary Treating Physician” form (DWC-Form 280 (Part A)) contained in Section 9786.1.

The petition shall be accompanied by supportive documentary evidence relevant to the specific allegations raised. A proof of service by mail declaration shall be attached to the petition indicating that (1) the completed petition (Part A), (2) the supportive documentary evidence and (3) a blank copy of the “Response to Petition for Change of Primary Treating Physician”, (DWC-Form 280 (Part B)), were served on the employee or, the employee's attorney, and the employee's current primary treating physician.

(b) Good cause to grant the petition shall be clearly shown by verified statement of facts, and, where appropriate, supportive documentary evidence. Good cause includes, but is not limited to any of the following:

(1) The primary treating physician has failed to comply with Section 9785, subdivisions (e), (f)(1-7), or ~~(g)~~ (i) by not timely submitting a required report or submitting a report which is inadequate due to material omissions or deficiencies;

(2) The primary treating physician has failed to comply with subdivision (f)(8) of Section 9785 by failing to submit timely or complete progress reports on two or more occasions within the 12-month period immediately preceding the filing of the petition;

(3) A clear showing that the current treatment is not consistent with the treatment plan submitted pursuant to Section 9785, subdivisions (e) or (f);

(4) A clear showing that the primary treating physician or facility is not within a reasonable geographic area as determined by ~~Section 9780(e)~~. section 9780, subdivision (g).

(5) A clear showing that the primary treating physician has a possible conflict of interest, including but not limited to a familial, financial or employment relationship with the employee, which has a significant potential for interfering with the physician's ability to engage in objective and impartial medical decision making.

(6) A clear showing that the primary treating physician, providing medical treatment to the employee within the first 30 days following the date of injury under Labor Code section 4610, subdivision (b), has a pattern and practice of failing to render treatment that is consistent with the Medical Treatment Utilization Schedule adopted pursuant to Labor Code section 5307.27.

(c)(1) Where good cause is based on inadequate reporting under subdivisions (b)(1) or (b)(2), the petition must show, by documentation and verified statement, that the claims administrator notified the primary treating physician or facility in writing of the complete requirements of Section 9785 prior to the physician's failure to properly report.

(2) Good cause shall not include a showing that current treatment is inappropriate or that there is no present need for medical treatment to cure or relieve from the effects of the injury or illness. The claims administrator's contention that current treatment is inappropriate, or that the employee is no longer in need of medical treatment to cure or relieve from the effects of the injury or illness should be directed to the Workers' Compensation Appeals Board, not the Administrative Director, in support of a Petition for Change of Primary Treating Physician.

(3) Where an allegation of good cause is based upon failure to timely issue the "Doctor's First Report of Occupational Injury or Illness," Form DLSR 5021, within 5 working days of the initial examination pursuant to Section 9785, subdivision (e)(1) or (e)(2), the petition setting forth such allegation shall be filed within 90 days of the initial examination.

(4) The failure to verify a letter response to a request for information made pursuant to Section 9785(f)(7), failure to verify a narrative report submitted pursuant to Section 9785(f)(8)(g), or failure of the narrative report to conform to the format requirements of Section 9785(f)(8)(g) shall not constitute good cause to grant the petition unless the claims administrator submits documentation showing that the physician was notified of the deficiency in the verification or reporting format and allowed a reasonable time to correct the deficiency.

(d) The employee, his or her attorney, and/or the primary treating physician may file with the Administrative Director a response to said petition, provided the response is verified under penalty of perjury and is filed and served on the claims administrator and all other parties no later than 20 days after service of the petition. The response may be accompanied by supportive documentary evidence relevant to the specific allegations raised in the petition. The response may be filed using the "Response to Petition for Change of Primary Treating Physician" form (DWC-Form 280 (Part B)) contained in Section 9786.1. Where the petition was served by mail, the time for filing a response shall be extended pursuant to the provisions of Code of Civil Procedure Section 1013. Unless good cause is shown, no other document will be considered by the Administrative Director except for the petition, the response, and supportive documentary evidence.

(e) The Administrative Director shall, within 45 days of the receipt of the petition, either:

(1) Dismiss the petition, without prejudice, for failure to meet the procedural requirements of this Section;

(2) Deny the petition pursuant to a finding that there is no good cause to require the employee to select a primary treating physician from the panel of physicians provided in the petition;

(3) Grant the petition and issue an order requiring the employee to select a physician from the panel of physicians provided in the petition, pursuant to a finding that good cause exists therefor;

(4) Refer the matter to the Workers' Compensation Appeals Board for hearing and determination by a Workers' Compensation Administrative Law Judge of such factual determinations as may be requested by the Administrative Director; or

(5) Issue a Notice of Intention to Grant the petition and an order requiring the submission of additional documents or information.

~~(f) The claims administrator's liability to pay for medical treatment by the primary treating physician shall continue until an order of the Administrative Director issues granting the petition. The physician may continue to serve as primary treating physician until an order of the Administrative Director issues granting the petition.~~

(1) Notice that an administrative penalty may be assessed;

(2) For administrative penalties assessed under section 4610(i), the final investigation report, which shall consist of the notice of utilization review penalty assessment, the performance rating, and, if applicable, may include one or more requests for documentation or compliance, and/or notice of the Administrative Director's intent to place the investigation subject on probation or to withdraw approval of the utilization review plan;

(3) For administrative penalties assessed under sections 4610.5(i) and 4610.6(k), the basis for the penalty assessment, including a statement of the alleged violations and the amount of each proposed penalty.

(4) A description of the methods for paying or appealing the penalty assessment.

(c) The order shall be served personally or by registered or certified mail.

(d) Within thirty (30) calendar days after the date of service of the Order to Show Cause Re: Assessment of Administrative Penalties, the claims administrator or utilization review organization may pay the assessed administrative penalties or file an answer as the respondent with the Administrative Director, in which the respondent may:

(1) Admit or deny in whole or in part any of the allegations set forth in the Order to Show Cause;

(2) Contest the amount of any or all proposed administrative penalties;

(3) Contest the existence of any or all of the violations;

(4) Set forth any affirmative and other defenses;

(5) Set forth the legal and factual bases for each defense.

(e) Any allegation and proposed penalty stated in the Order to Show Cause that is not contested shall be paid within thirty (30) calendar days after the date of service of the Order to Show Cause.

(f) Failure to timely file an answer shall constitute a waiver of the respondent's right to an evidentiary hearing. Unless set forth in the answer, all defenses to the Order to Show Cause shall be deemed waived. If the answer is not timely filed, within ten (10) days of the date for filing the answer, the respondent may file a written request for leave to file an answer. The respondent may also file a written request for leave to assert additional defenses, which the Administrative Director may grant upon a showing of good cause.

(g) The answer shall be in writing and signed by, or on behalf of, the claims administrator or utilization review organization and shall state the respondent's mailing address. It need not be verified or follow any particular form.

(1) The respondent must file the original and one copy of the answer on the Administrative Director and concurrently serve one copy of the answer on the investigating unit of the Division of Workers' Compensation (designated by the Administrative Director). The original and all copies of any filings required by this section shall have a proof of service attached.

(h) Within sixty (60) calendar days of the issuance of the Order to Show Cause Re: Assessment of Administrative Penalty, the Administrative Director shall issue the Notice of the date, time and place of a hearing. The date of the hearing shall be at least ninety calendar days from the date of service of the Notice. The Notice shall be served personally or by registered or certified mail. Continuances will not be allowed without a showing of good cause.

(i) At any time before the hearing, the Administrative Director may file or permit the filing of an amended complaint or supplemental Order to Show Cause. All parties shall be notified thereof. If the amended complaint or supplemental Order to Show Cause presents new charges, the Administrative Director shall afford the respondent a reasonable opportunity to prepare its defense, and the respondent shall be entitled to file an amended answer.

(j) At the Administrative Director's discretion, the Administrative Director may proceed with an informal pre-hearing conference with the respondent in an effort to resolve the contested matters. If any or all of the violations or proposed penalties in the Order to Show Cause, the amended Order or the supplemental Order remain contested, those contested matters shall proceed to an evidentiary hearing.

(k) Whenever the Administrative Director's Order to Show Cause has been contested, the Administrative Director may designate a hearing officer to preside over the hearing. The authority of the Administrative Director or the designated hearing officer shall include, but is not limited to: conducting a pre-hearing settlement conference; setting the date for an evidentiary hearing and any continuances; issuing subpoenas for the attendance of any person residing anywhere within the state as a witness or party at any pre-hearing conference and hearing; issuing subpoenas duces tecum for the production of documents and things at the hearing; presiding at the hearings; administering oaths or affirmations and certifying official acts; ruling

on objections and motions; issuing pre-hearing orders; and preparing a Recommended Determination and Opinion based on the hearing.

(l) The Administrative Director or the designated hearing officer shall set the time and place for any pre-hearing conference on the contested matters in the Order to Show Cause, and shall give sixty (60) calendar days written notice to all parties.

(m) The pre-hearing conference may address one or more of the following matters:

(1) Exploration of settlement possibilities;

(2) Preparation of stipulations;

(3) Clarification of issues;

(4) Rulings on the identity of witnesses and limitation of the number of witnesses;

(5) Objections to proffers of evidence;

(6) Order of presentation of evidence and cross-examination;

(7) Rulings regarding issuance of subpoenas and protective orders;

(8) Schedules for the submission of written briefs and schedules for the commencement and conduct of the hearing;

(9) Any other matters as shall promote the orderly and prompt conduct of the hearing.

(n) The Administrative Director or the designated hearing officer shall issue a pre-hearing order incorporating the matters determined at the pre-hearing conference. The Administrative Director or the designated hearing officer may direct one or more of the parties to prepare the pre-hearing order.

(o) Not less than thirty (30) calendar days prior to the date of the evidentiary hearing, the respondent shall file and serve the original and one copy of a written statement with the Administrative Director or the designated hearing officer specifying the legal and factual bases for its answer and each defense, listing all witnesses the respondent intends to call to testify at the hearing, and appending copies of all documents and other evidence the respondent intends to introduce into evidence at the hearing. A copy of the written statement and its attachments shall also concurrently be served on the investigating unit of the Division of Workers' Compensation. If the written statement and supporting evidence are not timely filed and served, the Administrative Director or the designated hearing officer shall dismiss the answer and issue a written Determination based on the evidence provided by the investigating unit of the Division of Workers' Compensation. Within ten (10) calendar days of the date for filing the written statement and supporting evidence, the respondent may file a written request for leave to file a written statement and supporting evidence. The Administrative Director or the designated hearing officer

may grant the request, upon a showing of good cause. If leave is granted, the written statement and supporting evidence must be filed and served no later than ten (10) calendar days prior to the date of the hearing.

(p) Oral testimony shall be taken only on oath or affirmation.

(q)(1) Each party shall have these rights: to call and examine witnesses, to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination; to impeach any witness regardless of which party first called him or her to testify; and to rebut the evidence.

(2) In the absence of a contrary order by the Administrative Director or the designated hearing officer, the investigating unit of the Division of Workers' Compensation shall present evidence first.

(3) The hearing need not be conducted according to the technical rules relating to evidence and witnesses, except as hereinafter provided. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make the admission of the evidence improper over objection in civil actions.

(4) Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but upon timely objection shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. An objection is timely if made before submission of the case to the Administrative Director or to the designated hearing officer.

(r) The written affidavit or declaration of any witness may be offered and shall be received into evidence provided that (i) the witness was listed in the written statement pursuant to section 9792.15(n); (ii) the statement is made by affidavit or by declaration under penalty of perjury; (iii) copies of the statement have been delivered to all opposing parties at least twenty (20) days prior to the hearing; and (iv) no opposing party has, at least ten (10) days before the hearing, delivered to the proponent of the evidence a written demand that the witness be produced in person to testify at the hearing. The Administrative Director or the designated hearing officer shall disregard any portion of the statement received pursuant to this regulation that would be inadmissible if the witness were testifying in person, but the inclusion of inadmissible matter does not render the entire statement inadmissible. Upon timely demand for production of a witness in lieu of admission of an affidavit or declaration, the proponent of that witness shall ensure the witness appears at the scheduled hearing and the proffered declaration or affidavit from that witness shall not be admitted. If the Administrative Director or the designated hearing officer determines that good cause exists that prevents the witness from appearing at the hearing, the declaration may be introduced in evidence, but it shall be given only the same effect as other hearsay evidence.

(s) The Administrative Director or the designated hearing officer shall issue a written Determination and Order Assessing Penalty, if any, including a statement of the basis for the Determination and each penalty assessed, within sixty (60) days of the date the case was

submitted for decision, which shall be served on all parties. This requirement is directory and not jurisdictional.

(t) The Administrative Director shall have sixty (60) calendar days to adopt or modify the Determination and Order Assessing Penalty issued by the Administrative Director or the designated hearing officer. In the event the recommended Determination and Order of the designated hearing officer is modified, the Administrative Director shall include a statement of the basis for the Determination and Order Assessing Penalty signed and served by the Administrative Director, or his or her designee. If the Administrative Director does not act within sixty (60) calendar days, then the recommended Determination and Order shall become the Determination and Order on the sixty-first calendar day.

(u) The Determination and Order Assessing Penalty shall be served on all parties personally or by registered or certified mail by the Administrative Director.

(v) The Determination and Order Assessing Penalty, if any, shall become final on the day it is served, unless the aggrieved party files a timely Petition Appealing the Determination of the Administrative Director. All findings and assessments in the Determination and Order Assessing Penalty not contested in the Petition Appealing the Determination of the Administrative Director shall become final as though no petition were filed.

(w) At any time prior to the date the Determination and Order Assessing Penalty becomes final, the Administrative Director or designated hearing officer may correct the Determination and Order Assessing Penalty for clerical, mathematical or procedural error(s).

(x) Penalties assessed in a Determination and Order Assessing Penalty shall be paid within thirty (30) calendar days of the date the Determination and Order became final. A timely filed Petition Appealing the Determination of the Administrative Director shall toll the period for paying the penalty assessed for the item appealed.

(y) All appeals from any part or the entire Determination and Order Assessing Penalty shall be made in the form of a Petition Appealing the Determination of the Administrative Director, in conformance with the requirements of chapter 7, part 4 of Division 4 of the Labor Code. Any such Petition Appealing the Determination of the Administrative Director shall be filed at the Appeals Board in San Francisco (and not with any district office of the Workers' Compensation Appeals Board), in the same manner specified for petitions for reconsideration.
